

Premier Dental Care of Buckhead

MAKING SMILES...ONE PATIENT AT A TIME

Lewis L. Brown D.D.S., P.A.

March 2020

Dear Valued Patient,

As the coronavirus COVID-19 outbreak continues to spread throughout the community where we all live and work, we have consistently looked for ways to help protect the health and safety of our patients and employees. We at Premier Dental Care of Buckhead are laser focused on doing the right thing for our community.

After great consideration, and the ADA's recommendations, we are temporarily closing our office starting March 19th until April 6th. I feel it is the right thing to do. It is our responsibility as dental professionals to lead the charge to ensure we do not add to the crisis in this unprecedented moment in our lives.

We will continue to closely monitor the Georgia Department of Health, ADA, and the CDC recommendations for guidance. Our commitment is to make sound and medically educated decisions for you and our employees before resuming operations.

In addition, even with our practice closed, we will be working hard to do everything we can to continue to serve our patients. If any patient of record experiences a dental emergency or urgent dental need, please call the office and arrangements will be made. If you are unable to reach anyone via the office phone number, Dr. Brown can be reached on his cell phone at 404-786-9330.

In the meantime, thank you for being gracious and understanding our moral need to do what is right.

-Dr. Lewis L. Brown and Staff
